Recursive backtracking solution implemented	6	6
display() method outputs grid	3	3
toString() returns grid in row-major order	3	3
Puzzle solved correctly	16	16
Class and method documentation	4	3.5
Coding style and decomposition	4	4
TOTAL	40	39.5
Very nice program. Just make sure that in your @return comments, do not include the variable name, as you did in a couple of places: @return reQuired		
Excellent work.
